CONSTRUCTION PERMIT APPLICATION REQUIREMENTS

1. Application for Construction permit must be completed in full or it will be returned to applicant.
2. Three (3) sets of scaled plans must accompany the application. Plans must be drawn to scale showing all visible structures, property lines, right-of-way widths, existing pavement width, utility poles and associated numbers, nearest intersecting streets or dimension thereto, north arrow, and any other pertinent information.
3. All Contractors proposing to do work within the Town must have a “Right-Of-Way Construction License” prior to the Construction Permit being issued. Applications and requirements for said license may be obtained from the Public Works Department.
4. All completed application forms must be returned to the Department of Public Works, 260 Westmoreland Street, Narragansett, RI 02882. Hours of operation are Monday thru Friday, 8:30 a.m. to 4:30 p.m.
5. A refundable cash deposit is required for all permits. The amount of said deposit and terms of refund will be determined upon review of application and plans.

NOTE: A copy of Chapter 17 (Road Construction Ordinance) is available for review at the Public Works Department or the Engineering Department. All work permitted must be in conformance with the ordinance.

No permits will be issued for openings, cuts, or excavations of newly paved roads for a period of three years after the completion of said paving.
